Welcome to Delaware E-ZPass!

The enclosed transponder(s) will allow you to pay tolls quickly and conveniently in Delaware, Maryland, New Jersey, Pennsylvania, New York, Massachusetts, and West Virginia (and soon in New Hampshire, Maine, and Virginia) — anywhere you see the *E-ZPass* logo. For nonstop toll payment, look for the dedicated ***E-ZPass Only*** lanes.

This transponder kit includes:

- **Your *E-ZPass* Transponder(s)** – Locate the 11-digit transponder serial number on the front of your transponder above the barcode. This is your transponder number. Your transponder has enough self-sticking fasteners to affix it to one car. If you need additional fasteners or any other supplies, call the Service Center at the toll-free number above.
- **“No Read” Bag** – A small electrostatic bag is included for each transponder. If, for any reason, you do not wish to pay your toll with your *E-ZPass* transponder, place the transponder in this bag well before you enter the toll lane. If you are already in the lane, it may be too late as your transponder will already have been read.
- **Customer Information Sheet** – Verify that your account information is correct. Please give us a call if you have any corrections. This would be a good time to write your vehicle license plate number next to the transponder number so that you know which transponder is on which car. This will be important if your transponder is ever lost or stolen.
- **Delaware *E-ZPass* Customer Guide** – This guide includes installation instructions for your transponder, lists the facilities where *E-ZPass* can be used, explains how to access your account information, and answers commonly asked questions.
- **Delaware *E-ZPass* Terms & Conditions** – The Terms and Conditions of your customer agreement are on the back of this letter. Please read them prior to using your Delaware *E-ZPass* transponder(s). By using your Delaware *E-ZPass* transponder, you agree with the Terms and Conditions.

Replenishing Your Prepaid Account —

If you signed up for automatic replenishment, we will maintain your prepaid account balance for you by automatically charging your credit card when your account reaches its low balance amount. If your credit card information changes (i.e., a new account number or expiration date), please notify the Service Center immediately. If you choose to replenish your account by check, money order, or cash, it is your responsibility to maintain the proper balance in your prepaid account. If your account has no funds, you will not be able to use *E-ZPass* until your account is properly funded.

Thank you for joining Delaware *E-ZPass*!

If you have any questions about this kit or *E-ZPass* in general, call us at 1-888-EZPassDE,

I. TERMS AND CONDITIONS for E-ZPASS

These Terms and Conditions, together with your application, constitute your Delaware E-ZPass Agreement. Keep a copy of this Agreement with your records.

1) **Terms** — Failure to comply with this Agreement may result in suspension, revocation, or termination of your E-ZPass account. Failure to pay E-ZPass charges may result in additional penalties provided by law, including termination of your account.

2) Transponder Usage

- Use of your E-ZPass transponder binds you to the Terms & Conditions of this Agreement.
- Your E-ZPass transponder(s) may be used only on the vehicle(s) specifically listed on this account.
- Your E-ZPass transponder may be used wherever you see the E-ZPass logo.
- You must approach and pass through an E-ZPass lane at the posted speed limit and obey other traffic signs.
- You may not assign the obligations or benefits of this Agreement. The E-ZPass transponder is the property of the Delaware Department of Transportation.
- You must surrender your E-ZPass transponder(s) immediately upon our request.
- The application establishes your E-ZPass account with the Delaware Department of Transportation (DelDOT). DelDOT may enter into reciprocal agreements with other agencies. If your E-ZPass transponder(s) is used at any toll facility, parking facility or other facility accepting E-ZPass as a payment mechanism, you agree that all costs incurred in connection with the use of your E-ZPass transponder(s) will be charged by DelDOT to your E-ZPass account in the manner that you have authorized in your E-ZPass application and that you are responsible for all such charges. DelDOT may elect to have charges of \$20 or more charged directly to your credit card. You agree to pay the costs, including attorneys' fees, required to enforce the terms and conditions of the E-ZPass Program and pursue the collection of monies in connection with the use of your E-ZPass transponder(s).
- When you use your E-ZPass transponder, a non-refundable charge will be debited from your E-ZPass account.

3) Account Information

- Transponder Fee(s). There is a non-refundable fee of \$25 for each transponder issued to your account. Should a transponder fail to work within three years of the issue date, it will be replaced free of charge.
- Prepayment Amount. You agree to maintain a prepaid amount with us to cover applicable charges. Charges are deducted from your account each time the E-ZPass transponder is used. We will also deduct applicable administrative fees incurred under this Agreement.
- Account Balances. No interest will be paid on cash balances in your account.
- Replenishment. We will periodically review your usage. If your monthly activity is above your current replenishment amount, your replenishment amount may be adjusted accordingly and you will be notified in writing.

4) Account Status

- You will receive a quarterly statement, unless there were no transactions and no financial activity in the account during the applicable period.
- If you wish to receive a monthly statement, you will be charged \$1 per month for the months you would not be scheduled to receive a quarterly statement. For example, one year's worth of monthly statements would cost \$8.
- You may call us at 1-888-EZPassDE (1-888-397-2773) 24 hours a day, 7 days a week for information about your account.
- You may also access this information on our Web site (www.EZPassDE.com). You must use your PIN to access this information.

5) **Payments** — Account replenishment must occur when your prepaid amount decreases to or below the low balance amount specific to the method of payment you selected. If you replenish automatically by Credit Card, replenishment will usually occur at or below \$10. If you replenish using cash or check, replenishment is required at or below one half of your replenishment amount. You can replenish your account in one of the following ways:

- By selecting "Option A" (credit card replenishment) you authorize us to automatically charge your credit card to replenish your prepaid amount.
- You can mail or hand-deliver a check to us. Checks should be made payable to "Delaware E-ZPass." A returned check fee of \$25 will be charged for each check returned to us for insufficient funds.
- Cash payments must be made in U.S. dollars in person at a Delaware E-ZPass Service Center. **DO NOT SEND CASH IN THE MAIL**

6) **E-ZPass Plus** — Allows you to pay for your parking with your E-ZPass transponder. E-ZPass Plus can be used at Albany Airport, Newark Airport, JFK Airport, and LaGuardia Airport. See the Customer Service Guide or the website for more detail.

- Payment for E-ZPass Plus transactions under \$20.00 will be debited from your account balance.
- Payment for E-ZPass Plus transactions over \$20.00 will be charged immediately to the credit card on your account.
- Disputing E-ZPass Plus transactions must be done with the facility operator. This operator will direct Delaware E-ZPass to make any adjustments.
- The E-ZPass Plus program is transponder specific. This means that you may enroll only certain transponders on your account or all of them or none of them. You may opt out of the E-ZPass Plus program at any time.
- If your payment type changes to cash/ check at any time your transponders will be ineligible to use E-ZPass Plus at participating facilities.
- Customers selecting payment Option A are automatically enrolled into E-ZPass Plus. If you elect not to participate in the program, you may opt out of E-ZPass Plus either by calling the Service Center or by accessing your account on the web.

d) Administrative fees may be billed directly to your account. You may only contest the imposition of said administrative fees in writing to the Delaware E-ZPass Service Center. If the fee is rescinded, your account will be credited the amount of the rescinded fee.

e) **Damaged Transponders** — **DO NOT paint or otherwise permanently mark your transponder(s).** If your transponder has been altered or defaced in any way, you may be required to pay the applicable fee for the transponder. This fee is equal to the replacement cost of the transponder.

You will not be liable for unauthorized use of your transponder(s) after we receive notice from you of loss or theft. If your E-ZPass transponder(s) fails to work within three years of issuance for reasons other than abuse or improper use, and the transponder(s) is returned to a Delaware E-ZPass Service Center, it will be replaced at no extra charge to you.

9) **Disclaimer** — To the extent permitted by law, we expressly disclaim any representation of warranty, expressed or implied, relating to the E-ZPass transponder including without limitation, any implied or expressed warranty or merchantability, fitness for a particular purpose or conformity to models or samples. Nor are we liable for any third party action taken by reason of your use or display of the E-ZPass transponder(s). The invalidity of any term or terms of this Agreement shall not affect any other term of this Agreement, which shall remain in full force and effect.

Automatic Discount Rates — Some toll facilities offer all E-ZPass customers an automatic discount (no enrollment required). This discount varies depending on the roadway. E-ZPass customers receive the discounted toll rate (if applicable) when they use their transponder on those E-ZPass roadways. Look at the list of "Where is E-ZPass available" in your Delaware E-ZPass Customer Guide to see which roadways offer these rates.

All non-commercial Delaware E-ZPass customers are automatically enrolled in the Delaware SR-1 Frequent User Plan. This plan requires 30 or more qualifying trips by 2-axle passenger vehicles within a 30-day rolling period on Delaware State Route 1. All the trips must be made with the same transponder. The discount (50% off the cash rates) is applied 5 days after the end of the 30-day period.
